### SELLER AND PURCHASER AGREE TO THE FOLLOWING CONDITIONS

- 1) Buyer understands he/she is purchasing a Pedigree Ragdoll cat/kitten. This kitten is registered with TICA. Buyer will receive registration paperwork to transfer ownership to him/her. This will incur a fee to the buyer through TICA.
- 2) The buyer agrees that WI Floppy Cats **strongly** disagrees with & discourages declawing your kitten and advises against this practice. Buyer understands that “declawing” is the process of amputating the last joint of a cat’s toes which involves bone removal. This surgical procedure can be very painful to the cat/kitten and includes a lengthy healing process. Buyer may declaw this kitten, but agrees that declawing the cat/kitten will void any and all guarantees listed within this contract.
- 3) Adequate indoor sanitary facilities must be provided. This cat/kitten WILL NOT be allowed to roam outdoors. Buyer understands that best practices for litterboxes is: A litterbox for each cat in the household + one additional.
- 4) This cat is purchased as: A)  X  Pet B) \_\_\_\_\_ Show Quality C) \_\_\_\_\_ Breeder
- 5) Seller will provide the following health guarantee. Seller agrees that this cat/kitten does not have FeLV/FIV at the time of pickup, delivery, or shipment.
- 6) Buyer agrees that this kitten has a 1 year health guarantee from hereditary or congenital defects. If this cat/kitten dies within one year from hereditary or congenital defects, seller will replace cat/kitten when seller receives proof of defect in the form of a complete autopsy report at the expense of the buyer.
- 7) Buyer has accepted complete responsibility for all of the cat/kitten’s health and safety needs, including transportation, veterinary costs, medical procedures and appointments from the moment the kitten leaves the Seller’s residence. Upon receipt of kitten, if purchaser believes good health is in doubt, any medical tests or examinations, at the **purchaser’s expense**, for any disease or defect must be done and Seller notified within 24 hours of receipt of kitten. If at this time a pre-existing health problem is found, the Seller will refund the total price of the kitten and take the kitten back. The Seller is not

responsible for any charges incurred in the time of absence of the kitten from the Seller's residence. After 24 hours the purchaser is responsible for all health and behavioral needs and costs and the Seller will not accept the kitten back for any reason and will not issue any refunds. Buyer understands that seller is not liable for diseases, viruses, or any other condition the cat/kitten may contract without proper vaccination. Buyer agrees to maintain cat/kitten's health and wellness with proper and timely veterinary visits and obtain any recommended vaccines/treatment by the healthcare provider.

- 8) Buyer understands that this kitten **IS** spayed or neutered (unless it is for breeding purposes). Buyer agrees to pay Seller the cost of the surgical procedure upon pick-up, delivery.
- 9) Buyer understands that this kitten has had its initial vaccinations: Merial Purevax FVRCP which is used to prevent Panleukopenia, Rhiontracheitis and Calicivirus. Kitten is vaccinated at 8 weeks of age and 12 weeks of age. (see vaccine record)
- 10) **Shipping** – Buyer understands that shipping (flying or ground transportation) can be stressful on their new kitten. This stress can sometimes weaken the kittens immune system and therefore kitten may get a respiratory infection. Buyer agrees that if kitten shows any signs of respiratory issues (sneezing, stuffy nose, watery eyes) he/she will seek medical treatment at buyers own expense.

## FEEDING & LITTERBOX INSTRUCTIONS

**Feeding Instructions** – Your kitten is used to the following food and is recommended for the overall health of your kitten as well as its coat. A quick change to a cat/kitten's diet can result in severe intestinal upset. Note: Any food changes should be made gradually. Seller does not recommend a diet change. **Not Eating:** It is perfectly normal for a new kitten to be slightly off its feeding schedule for a few days. Just give your kitten plenty of love and attention while it is adapting to its new environment, and it will resume eating. If your kitten does not eat at all, you should encourage it by feeding it canned food from your fingers.

- Fresh Water – At ALL times
- Royal Canin – Dry Kitten Food
  - Offered all day
- Royal Canin – Canned Kitten Food
  - Only if kitten does not want to eat after a couple of days
- Fresh is Best – Freeze Dried Chicken & Beef
  - Provided twice a day
  - Moist or Dry
  - Can purchase from Seller or Amazon

**Litterbox** – Your kitten is used to the following litter box system. This system is recommended by the Seller to continue the success of litterbox use by this kitten.

- World's Best Cat Litter
